JUNE 14th IS FLAG DAY—WHAT DOES IT MEAN TO YOU?

## Cattle Market Hits New Low With A 980 Animal Sale

Slaughters Tave 85 Percent Of Sales With 498 Steers In Offerings

The Republican slaughterer received a body blow Monday when the local market gave way to new low prices for all types in the tumb of a dollar to a dollar-fifty per hundred-weight with offerings close to the six-weeks average of 1,000 head.

George Young says "I took old experienced cattlemen to go thru today's sale without being pretty sick about the price situation. Those who have been in the cattle business 20 years or longer know what it is all about, but those who have never gone thru price declines would do well to study the history of cattle prices."

The natural and expected decline in cattle prices has had the side effect of the "smart" boys of the administration who are following the dictates of the big banks and insurance companies in making Uncle Sam's obligations not worth face value. Bonds are selling for 90 and less simply because the boys who held a lot of them turned them loose and glutted the market. When the bonds are low enough they will in all probability buy them back, receive a long-term gain on the profit and millions of little fellows will pay the bill—nice Republican theory.

One good local Democrat says the Republicans have put him to work and the indication is that some of the Republicans will have to get to work too. IF THEY SUCCEEDED IN BRINGING A DEPRESSION.

The Republican party is doing just as certainly as a bean vine or rice crop that gets hit by helminthosporium—their money goes and protection for the "big ones."

Here's a tack in their coffee: Sales of Monday, June 8, 1953: 385 Cattle—\$45,524.19.

**Slaughter:**  
Steers—Com. 15.75-17.50; Utl. 12.50-14.50; Cut. 8.00-10.00; Utl. 12.75-16.00; Cut. 10.00-12.50.  
Cows—Com. 15.25-18.00; Bulls—Utl. 11.50-13.00; Cut. 9.25-12.50.

**Stocks:**  
Steers—Med. 11.50-12.75; Com. 10.25-11.75; Utl. 8.25-10.00; Heifers—Med. 14.25-16.25; Cows—Med. 12.00-13.00; Calves—Med. 15.50; Com. 12.25.

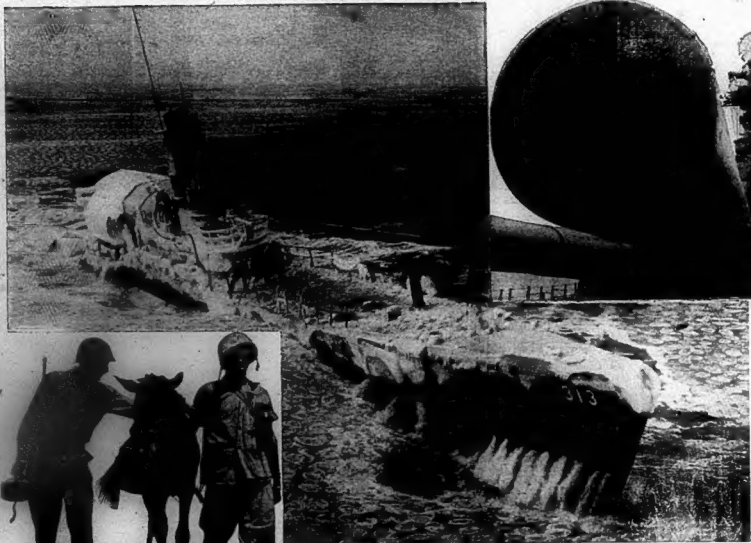

There were 23 bulls, 498 steers, 103 cows, 263 calves, 36 yearlings, and 37 heifers.

**STATE GOV BOARD TO MEET AT DUNELON**

Mr. and Mrs. Ivan Van Horn will spend a few days at the boy Springs next week. Mrs. Van Horn, who is director of 6th district, of Federation of Garden Clubs, will attend a state board meeting at Rainbow Lodge, at Dunelton on Monday, June 15.

This is the first board meeting of the Florida Federation of Garden Clubs with the new president, Mrs. Eugene E. Smith and officers and chairman.

General federation business for the coming year will be the topic of discussion.

YOUR FLAG IS CARRIED TO THE FOUR CORNERS OF THE GLOBE, BY LAND, SEA AND AIR. It's respected in most every spot on earth—with a varying degree of admiration, love and envy.

Exalted Ruler Frank Dooly announces that Elks and Pahokee will join the local Elks in a Flag Day Program Sunday afternoon at three o'clock, at the Elks Hall, with Past State Legion Commander Pat Reese as speaker. The public is invited to attend.

## Luther Chandler Points Out Threat Of Foreign Gluts

Dumping Of Mexican And Cuban Vegetable Produce Winter Markets

By Herb Mosher

Disaster stares Florida's vegetable growers right in the face, says L. L. Luther Chandler, a former Florida Citrus Commission president, and a many times head of the Florida Florida Fruit and Vegetable Ass'n., etc. is also one of the state's biggest growers in his own right and he has been a leading factor in the agricultural industry of Florida for many years. His comments carry as much weight as will those of any man alive today. This is what Chandler says:

"There is a long story that could be told on the vegetable picture this year, increased acreage occurred during the recent season. Profits were very spotted and few. Weather conditions generally did not wipe out (Continued on Page 2)

## GLADES RECEIVES \$274 FROM CIGARETTE SALES TAX FOR MONTH OF APRIL

With Belle Glade receiving \$4,077, South Bay \$1,114 and Pahokee \$3,581 as their share of the cigarette tax for the month of April, the Glades municipality benefited a total of \$9,774 from that source.

A total of \$1,632,102 was paid in the State for this cigarette tax during April and \$1,250,057 was paid out to Cities and Towns in the State.

Miami received \$198,380, with Jacksonville getting \$110,785 and Tampa \$71,063.

Dade County received about 24% of the total going to cities and towns.

**AUXILIARY REPORTS ON REDEcoration**

The Hospital Auxiliary met Tuesday afternoon at the Belle Glade Memorial Hospital. Ten members participated in the work session.

During the business meeting the treasurer reported that a check for \$100 had been presented by the Business and Professional Women's Club to be used in redecorating the children's ward.

Mrs. O. G. McWhorter gave a report on her committee in charge of redecorating the nurse's lounge. Materials have been purchased for drapes and wallpaper.

Mrs. L. L. Price moved that a motion be put on record for a vote of appreciation to Mrs. Del Raulo, in behalf of her untiring efforts as an Auxiliary member.

This was the last meeting of the Auxiliary until fall, or Sept. 8.

## Unwin And Lanier Show Unexpected Talent Of Mimicry

In their efforts to provide the Cleveation Inn for the Rotarians recently, Marvin Unwin and Bob Lanier reached around in the realm of natural talents and produced a skit of imitations and mimicry that "bowed over" the Rotarians and their ladies.

From the reputation built at the Cleveation Inn for the Rotarians the boys were persuaded to give the Lions the benefit of the "unusual ability" shown by the Old Men's Club.

Wednesday the polished up skit was presented to the Lions. Bob Crech and his early day migration from Gwells and the "loquacious" size and length of Bitta Island produce were worked over. Luther Jones' gleeful acceptance of "Turin" music whether from "Yankee" or Texas was depicted.

The Rotarians' Music Master, Dorothy Ingram as well as several others were "panned" by the pair. A sense of humor, a native wit and gift for mimicry gave the audience laughs aplenty from the fables and idiosyncrasies of local persons.

**125 LOCAL CITIZENS TAKE DIABETIC TESTS**

More than one hundred and twenty-five local citizens participated in diabetic tests on Wednesday, which day opened a four-day stay for the Palm Beach County Diabetic Caravan.

The health unit is being sponsored locally by the Business and Professional Women's Club.

The unit underwent officially shortly after 8 a.m. when Mayor W. L. Collins was the first to be tested.

Several local women under the direction of Mrs. Gene Cron are assisting with the clerical duties. Clerical aids on Wednesday were Mrs. Gladys Williams, Mrs. Scotty Burr, Mrs. Joe Murphy, Mrs. F. C. Donley, Mrs. Myrtle Thall, and Mrs. Victor were Mrs. W. T. Simmons, Mrs. TOTALS

## SCHOLARSHIP GIVEN FORMER BG STUDENT

Miss Anne Hughes, daughter of Mrs. Elizabeth Hughes, Brady, Texas, and Lawrence Hughes, Belle Glade, was chosen for two awards at the Commencement exercises for the Brady High School senior class, Thursday, May 28.

Ann, a pupil who gave her first recital at the age of eight has played for almost every program at the Brady school since she began her musical career here as a student of Mrs. John Wiergoon and Mrs. M. A. Murphy.

Ann, a pupil who gave her first recital at the age of eight has played for almost every program at the Brady school since she began her musical career here as a student of Mrs. John Wiergoon and Mrs. M. A. Murphy.

**LITTLE DOL APPOINTED TO LIVESTOCK BOARD**

Dairy, beef, swine and poultry are represented on the new State Livestock Board created by the legislature to replace the old Sanitary Board.

The old Board spent a bit of time fussing among themselves and with anyone else of the same mind to the confusion of the industry as a whole.

Dan McCarty wanted a new deal, and the old boys were kicked out of the Legislature without them out so that Dan could appoint his own Board with ideas expressed by him in his campaign.

A representative of each Congressional District is on the Board and E. M. (Little Dol) Van Landingham, Belle Glade cattleman, represents the Sixth District.

## Carlot Movement Down To A Trickle Of Celery And Corn

With one car each of corn and cucumbers from the north and celery accounting for 19 cars from the south end, corn 6 and peppers one, the week wasn't very busy with carlot shipments.

## US 441 Highway Association Makes Substantial Progress Towards Attracting Traffic

Three local students are among the outstanding high school musicians who have been selected for membership in the Florida State University summer music camp this year, according to camp director Dr. K. O. Kuersteiner.

Music Camp students will spend five weeks on the FSU campus this summer, from June 15 to July 17, receiving training in music, citizenship and leadership under the tutelage of the regular FSU music faculty.

Selection for membership in the Music Camp is based on musical ability and achievement, good character and prospects of success in the field of music.

About 230 students will be selected this year, making the largest music camp in FSU history, according to J. Dayton Smith, assistant director of the camp.

Local students accepted for the Music Camp are Faye Herndon, 489 S. 4th St., Ft. Pierce, Barbara Jean Willis, South Bay, and Glenda Bell, Chosen.

**Prof. Brown Takes Over Sonny Bender Job For Veterans**

A Gwells boy, and former Pahokee school teacher has been employed by the County Veterans Service Committee to help Veterans of the Glades in their claims, and the securing for them the advantages given them through regulations and laws of the Congress.

Mr. Leonard C. Brown, a three-year veteran with 13 months service in Italy with the air force, and just now in the process of winding up the year of teaching at the Pahokee High School, is taking over Sonny Bender's job as Glades Veterans Service Officer.

The Belle Glade office will be open Mondays, Wednesdays and Fridays, with Pahokee Canal Point area being serviced the other three days of the week.

Widows, orphans and parents of veterans are invited to bring their difficulties to Officer Brown, who will assist them and cut whatever red tape is practicable for them.

Mr. Brown is married and has a two-year-old child.

**Total Digestible Nutrient Determining Factor In The Carrying Capacity Of Grass**

"Whether a pasture has a carrying capacity of four head per acre, or of one head per twenty acres, depends entirely on the total digestible nutrient—TDN—of the grasses," Dr. Rob Allen told Rotarians last Friday.

To illustrate this point, Dr. Allen told of the procedure followed by the oral residents of some "pothole" state. "In order to have a supply of water for the houses and service buildings, and for recreation purposes, it became the practice to build a dam across a small stream, or better to divert a stream to a lake site, and then fertilize the water with those elements that produce feed for fish. In some cases as much as 400 pounds of fish per acre was taken from the lakes."

**HIGHLIGHTING Sports**

**RAMBLERS BEAT LEAGUE LEADING JUPITER**

secured two runs in the first inning and were never behind.

Chuck Godwin, lead off hitter for the Ramblers, started things rolling with a double to left field, as Anderson, the number two hitter, lined a single to center, scoring Godwin to lead off the first run at the ball.

The local boys were in command from the word go as they

Route Along East O Lake Being Emphasized As Route From Midwest States

"We've hit the jackpot and seem to have made some real and substantial progress," said Mannin Keen of Pahokee, President of the U. S. 441 Highway Association, upon the return of a group from a weekend trip which included a Director's meeting at St. Cloud last Saturday and a group trip to Ocala.

"We have made substantial progress towards getting Ocala and other Florida points north of there interested in making this 441 highway one of the main routes from Chicago and the Midwest and a main artery into Florida," continued Mr. Keen.

On Saturday afternoon the group met in the Legion Hall at St. Cloud and was served a barbecued chicken dinner at a home on Alligator Lake.

The following day went on to Ocala Saturday night and visit of Silver Springs on Sunday, where they were guests of Peter Shaw at luncheon and tours of the attractions there.

Mr. Shaw's organization took a very substantial step thru an agreement to send out monthly 10,000 strip maps of the 441 Route in its regular mailing and will use fifty billboards in south Georgia in the early fall with a design of Lake Okechobee and its attractiveness showing US 441 skirting the banks of the southern shore line.

Members of the group returned home Sunday night and made several stops along the route home in the interest of the Association.

Henry Harwood, Ivan Van Horn, Bill Young, Luther and Mrs. Jones, accompanied by Mrs. J. K. Harwood, attended the meetings from Belle Glade.

Pahokee Mr. and Mrs. Keen, accompanied by Mrs. J. K. Harwood, attended the meetings from Belle Glade.

## **COUNTY MEDICAL FORUMS GAINING WIDE SUPPORT**

Dr. Graham W. King, Jr. of Delray Beach and President of the County Medical Association will be the moderator for the entire series of the FREE MEDICAL FORUMS sponsored by the Health Department, the County Medical Society and the County Health Department. The first forum will be held August 4, 11, 18 and 25 in the First Presbyterian Church, South Bay and Everette Street. Mr. William W. Blakeley, local attorney and President of the Heart Association is to be the Chairman.

"This is not a doctors' forum but a forum of the public and we ask the public to name the subjects to be used on the four Tuesday evenings in August. The public's selections so far are Heart Diseases, Cancer, Stomach and Bowel Disorders, and Epilepsy. There is still time to make selections and the public is urged to do so by June 15. Dr. C. L. Brumback, Director of the County Health Department, will be the moderator of the Executive Committee of the Free Medical Forum stated while commenting on the program "The County Health Department is most interested in all activities through which the people are informed with regard to health problems and our department wishes to commend the County Medical Society and Heart Association in initiating this program. I certainly know the people will benefit from the forum and hope they will send in suggestions for the forum."

Mrs. Fred E. Manulis, President of the County Medical Society and Auxiliary members Mrs. C. L. Brumback and Mrs. Robert W. Artola, are assisting Miss Bodenmann of the Health Association as official details.

**PAR-TEE-LINE** (Continued from Page 1) The WPT. T. Connor, 70 DB, Sonny Smith—70 BG; W. B. Rhoads—71 BG.

Ed Ward, one of our local golfers surprised everyone as well as himself by having a hole-in-one on number seven last Sunday. He was playing in the leagues matches with Ed Crawley, L.W. Shine Broadbeck, and Ed Ryan LW.

Mr. Ward didn't have much to say about his hole-in-one, he says it was an accident and he was just lucky. He was playing in the leagues matches with Ed Crawley, L.W. Shine Broadbeck, and Ed Ryan LW.

## **SADDLE CLUB VOTE TO HAVE CHARTER**

H. O. Earwood read and explained the proposed charter at the meeting of the Saddle Club, last Thursday night which was held at the Glades Livestock Market.

The charter was voted and passed on by members of the club, after which officers and board members signed a petition of application.

A committee was appointed to draw up the by-laws with Fritz Stein, Jr., as chairman, and Jimmy Herring, Anne Kirkham, Horace Harris, and Allison Thomas to serve with him.

At the present time there are thirty-four members in the Club. Every Sunday afternoon at the Schleicher Ranch, 2000th Chosen, members of the Saddle Club practice riding, and are preparing to enter rodeos in the near future.

The public is invited to come out and see the boys in action.

**THREE LOCAL BOYS U OF F GRADUATES**

Dr. William T. Sanger, president of the Medical College of Virginia delivered the commencement address to the University of Florida graduates class Monday night.

At the exercises President J. Hillis Miller, of the University conferred bachelor degrees on 773 masters degrees on 85, the doctor of education Mrs. G. R. Townsend and two, and doctor of philosophy degrees on 18. Honors and high

honors were awarded 118 of the class. Among those graduating were three boys from Belle Glade. Billy Ray Evans received his degree in agriculture and was commissioned 1st Lt. in Air Force Reserve. He had 4 years of R.O.T.C.

Albert Stevens received his degree in soil chemistry and agriculture. He had one year at Vanderbilt, and four years at Gainesville. He will leave the 18th for Richmond, Michigan, where he will be associated with the Health Survey Company.

Judson Lloyd received his bachelor degree in Business Administration.

Winning prizes were Mrs. R. E. Hottel, Mrs. Frank Hobson, Mrs. Francis Harris, Mrs. W. W. Weeks, Mrs. Earl Lindstrom, Mrs. Hubert Tully, Mrs. Casper Van Landingham, Mrs. John Tabli, Mrs. E. M. Van Landingham, Mrs. Gene McCabe, Mrs. Helen Cameron, Mrs. M. E. Weeks, Mrs. J. R. Davidson, Mrs. Herman Close, Mrs. William Rhodes, Mrs. Frank Dooly, Mrs. Errol M. G. R. Townsend and Mrs. Guy Wood, and Mrs. Harold Zump.

He is scheduled for a two week longer rest in bed.

Mrs. and Mrs. Wm. Graber and family of Belle Glade were Saturday guests of Mr. and Mrs. Alfred Davis before leaving for Hartsville, Ohio for the summer.

Chief of Police and Mrs. R. C. White, Mr. and Mrs. Bill Morrison have as their house guests their brother, sister-in-law, sister and niece, Mr. and Mrs. D. E. White of Lineville, Ala., Mrs. L. N. White and daughter, Maggie Belle of Millerville, Ala.

Mrs. and Mrs. J. L. Brown and family left Saturday to spend the summer in Gastonia, N. C. for Mrs. Brown's health. Brown plans to return here about the middle of July, leaving his family for a more extended stay.

Mrs. O. E. Nail of Chattanooga, Tenn., is visiting her sisters, Mrs. Clayton Waters and Mrs. W. R. Sullivan and their families. Mrs. Sullivan returned from the hospital last week quite improved in health from her recent illness.

Mrs. and Mrs. Jack Holton have taken one of the Summer cottages.

Mrs. and Mrs. Frank Prevatt of Bean City are going to Fort Myers this week to make arrangements for a month's vacation on the beach during July.

Mrs. and Mrs. Paul Wagner of West Palm Beach, cousins of Loma Lovell, visited Mr. and Mrs. R. L. Lovell Wednesday and attended the graduation exercises at the Belle Glade High School.

C. F. Denton, Mrs. LeBon Williams of Belle Glade and Mrs. Robert Burns of West Palm Beach have returned from San Diego, California, where they were called recently by the critical illness of their son and brother, Charles Denton, at the Naval Hospital.

J. P. Prevatt of Bean City, Mr. and Mrs. Elzie Prevatt of Belle Glade are enjoying a four day camping trip at Fish-eating Creek this week.

Mrs. C. A. Armstrong of Bean City, Mr. and Mrs. V. R. Beardsley of Clewiston, spent Tuesday night at Naples and motored Mr. and Mrs. L. H. Rosenfield and family to the Miami Airport Wednesday to catch a plane for New Hampshire, where he will operate a summer vacation store in the mountains, returning to Naples for the winter season.

Miss Edna Walker and daughter, Pauline spent Thursday to Monday visiting her daughters, Miss Marie and Miss Marlene Walker and her sister, Mrs. Leslie Ellison in Miami.

Cecil Perry of Tampa is ar-

giving this week to spend the summer with his aunt and uncle, Mr. and Mrs. R. R. Roadman Jr.

Mrs. Mary McCarron is reported quite recovered from her recent illness at the home of her daughter, Mrs. J. L. Hicks in Chattanooga.

### SOUTH BAY SCHOOLS CLOSE FOR SUMMER

The South Bay Schools closed for the summer vacation Tuesday when report cards were given out and books checked in.

A class of eleven were given certificates of promotion from the eighth grade to the Belle Glade Junior High School.

They are Lucy Pearl Kelso, Jean Spivey, Joyce Parrott, Warren Austin, Billy Bowen, John Prevatt, Bobby Cartwright, Billy Jackson, Joseph Martin, Andrew Jackson (Bud) Lytle, Mitchell Williams.

Principal Pellon Morris will be in charge of the summer vacation program scheduled to start on June 15, at which all children in the community are privileged to attend.

Miss Barbara Myatt and mother, Mrs. Hilda Myatt of Clewiston, are planning a month's vacation in New Jersey to visit old friends and look after business matters. They will then return to their home in Clewiston.

Mrs. O. H. Martin, teacher of the third and fourth grades, plans to remain in South Bay the most of the summer with her family.

Mrs. Ann Oullette left last week with her husband, Hector Oullette for Kentucky, where they will enter college to continue their education.

Mrs. Editha Eckman, first grade teacher, plans to remain in South Bay for the summer with perhaps a few weeks vacation at her old home in Fayette City, Pennsylvania to visit her mother and brother.

Mrs. Olga Hardy and husband M. J. Hardy are planning a seven weeks vacation trip to Europe which includes a visit with her son and daughter-in-law in England and a tour of the continent.

### STUDENT DROWNED IN HIGHWAY ACCIDENT

One Tampa University student was drowned, his friend escaped uninjured in a highway accident on U. S. Highway No. 27 about a mile south of South Bay Thursday afternoon about 2:45 o'clock.

The driver of the car, Mario Fernandez, age 26, of 13th Ave., Tampa was drowned when the car skidded the car and body, left the highway and plunged into the North River Canal through an opening between two pine trees.

M. M. Bailey, who lives directly across the highway from the scene of the accident and F. C. Markham, living near-by were witnesses to the accident.

Bailey succeeded in bringing Octavio Otto Perdomo of 801 N. W. 17th Place, Miami to shore in safety.

Fernandes, also extricated himself from the submerged car, but came to the surface downstream, hampered by an old arm injury was unable to reach shore and went down before Bailey could come to his assistance.

The body was recovered an hour and a half later by use of grappling hooks. Clyde and Copernicus, summoned by the highway patrol, used a boat and out-board motor with grappling nets to locate the car and body.

The car a 1951 Chevrolet was recovered intact from 25 feet of water and hauled to Belle Glade by the Glades Chevrolet.

The body was released to Berry Funeral Home in Pahokee.

The accident was investigated by Trooper J. P. Bertrand, Cpl. E. D. Dugan and Chief of Police R. C. Whit of South Bay.

### SOUTH BAY LIONS RECEIVED PROCEEDS OF BELLE GLADE DINNER

The Lion wives, who served the dinner for the Belle Glade Ladies' Night and Installation of Municipal Country Club, turned over \$162.00 net proceeds from the dinner to the local Club at their suggestion Thursday evening to be used to erect bleachers on the soft ball court, dated 1949, which were recently installed.

Those who served the dinner were Mrs. Yenda Hirschboim, Mrs. Mary Waters, Mrs. Billie Hartline, Mrs. Gladys Mitchell, Mrs. Laura Willis, Mrs. W. M. Jeffries, Mrs. H. H. Walker and Mrs. O. E. Miller. They reported 122 plates served.

Guests at the regular Lions' supper Thursday were Ivan Van Horn of Belle Glade and Albert Perrell of Canal Point.

Mrs. S. E. Henderson and Mrs. Ida Van Walker served a spaghetti and meat ball supper, at which all members were present, including Eric Hartline, Frank Willis, R. C. White, Cleo Hig-

### 4-H GIRLS ATTEND CLUB SHORT COURSE

Among the group of 4-H Club girls from Palm Beach County attending the course at the Florida State University at Tallahassee, are Cherry Corbin, Winifred Barry and Jeanette Wad-dell.

The girls left Monday and will return Saturday, accompanied by one of the 4-H Club leaders, Mrs. Knott from Lake Worth. Classes at the university include canning, good grooming, sewing and various other courses pertaining to their club work.

### BRANCH PRESIDENT LEAVES ON SUMMER VACATION

Branch President of the South Bay Church of Jesus Christ, the Latter Day Saints has been released and left to spend the summer visiting relatives at Deep Run, N. C. and Virginia. He plans to return to the Glades in October.

Julius Herring of Hooker's Point, who has recently been ordained Deacon of the church, will act as president in his absence.

Teachers in the Sunday School have recently been appointed. Mrs. Elizabeth Roberts of Belle Glade is leader of the Junior Class. Deacon Herring of the Intermediate group; Mrs. H. B. Walker of South Bay teacher of the Primary Class and Mrs. Elmer Walker teaches the adults.

The Sunday School has an all day outing and picnic dinner scheduled for Thursday at Fish-eating Creek.

Julius Herring, in his official capacity as member of the High Council, accompanied by Mrs. Herring and Beulah Williams attended services at Fort Lauderdale Sunday.

In all these things you want...

Chevrolet's farther ahead than ever!

... in Fisher Body Quality! It's the only body in the low-price field. And now it's even more outstanding in styling, in comfort and convenience, in quality.

... in High-Compression Power! Most powerful engine in its field with 7.5 to 1 compression ratio—the new 115-h.p. "Blue-Flame" engine with Powerglide.\* Advanced 108-h.p. high-compression Thrift-King\* engine in gemini models.

... in Powerglide and Power Steering! Powerglide is the newest, most advanced automatic transmission in its field. Power Steering—another Chevrolet exclusive in its field—lets you steer with finger-tip ease.

... Economy and Value! You go much farther on every gallon of gas (regular gas, at that). You save on over-all costs of operation and upkeep. Chevrolet is again the lowest-priced line in its field!

... in Popularity Leadership! Again this year—in every single postwar year—more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-place. Nearly 2 million more people now drive Chevrolets than any other make.

\*Optional at extra cost. Combination of Powerglide transmission and "Thrifty" and "Blue-Flame" engines available on "Frodo" and "Red" Air models only. Power Steering available on all models.

... in Popularity Leadership! Again this year—in every single postwar year—more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-place. Nearly 2 million more people now drive Chevrolets than any other make.

**KNOW YOUR C O C**

(Continued from Page 1)  
cause his job with the chain department consisted mainly of getting the railroad out of it. Back in 1923, with the Florida East Coast in Ft. Pierce, his task was to pacify irate shippers who came in complaining of lost or damaged freight. When this happened the agent in charge simply stuck his head into Horat's cubbyhole and examined him. "Trouble," Our boy took it from there, poured on the soft soap, ironed out the difficulties and kept the customers happy.

The nickname stuck and today few people know his real name. In case you're interested in Rene Expedito Horat, he was born in St. Bernard, Louisiana, down on the Delta, in 1891, the ninth of twelve children. He grew up on a farm and, at the age of seventeen, got his first job with the old Texas & Pacific at Addicks, La. — Then with the Mopac in the oil-bomb town of Smackover, Arkansas. Back in those days it cost a dime to cross the street in Smackover. "It's a fact," he says. "The streets were so deep in mud and churned up by mule teams hauling pipes that it was difficult to walk and impossible to swim. For ten cents a couple of men would haul you across on a board."

On the third day of Brakeman Horat's employment the

conductor of his train saw a hobo climb aboard one of the boxcars.

"Go put that bum off before we start," he told young Horat. "Tell him we don't allow tramps to ride under any circumstances. If he won't get off throw him off."

Trouble dutifully hunted down the man and confronted him in the far corner of the car. "O. K., Buddy, pile 'em up," he growled.

The hobo straightened up and he was, according to Horat's later account of the incident, "the biggest, toughest, meanest-looking mug I ever saw. Six feet four and built like a coal bunker, with a scar down his right cheek, a patch over his left eye, and holding a .45 with a ten-inch barrel."

"Look, Kid," he said out of the corner of his mouth, "I'm in trouble here, see? I got to scam out and I'm figurin' on ridin' Now you run along before you get hurt, see?"

Perhaps Trouble was easily influenced in those young days. At any rate he took the tough guy's advice and went back to the caboose, intending to let the matter—and the hobo—rest for the time being.

"Did you put that guy off?" the conductor demanded.

Brakeman Horat was ready with a face-saving story.

"Well, you see after I began talking to that fellow I recog-

nized him. He's a cousin of mine and I sort of hated to put him off."

"Cousin or no cousin, he can't ride this train. I'll put him off myself," the conductor told young Horat. A few minutes later he came back. Trouble grinned.

"You put him off?"

The conductor grinned back. "Funny thing, kid," he said. "You know that guy's a cousin of mine, too."

Despite incidents like this, or maybe because of them, Trouble liked railroading and stayed with it. In 1926 he came to Ft. Pierce for the F.E.C. It was then that he earned his nickname. As commercial agent for the railroad here he has a pile all his own. When a shipper asks him to expedite delivery he assures him that "Expedito" is his middle name.

In 1929 he decided to have a fling at seafaring and went to the Bahamas where he worked in the shipping office of one of the Great Lakes boat lines. After a few months of this he felt he was homesick or seasick and came back to Florida and the East Coast.

At about the age of forty the army got him for a short hitch. He did the military work and he read a book, "Life Begins At 30." Discharged from the army he promptly married Miss Rena Rickler of Ft. Pierce.

Trouble came in Belle Glade in 1946 as commercial agent for the F.E.C., a position which he still holds. He lives with his wife and six-year-old daughter, Janet, at 609 S.E. Third Street in Belle Glade.

In addition to being a past president of the Chamber of Commerce, as well as one of its directors, he is a member of St. Roch's Catholic Church, the Elks Lodge, the Lions Club, the American Legion and the Brotherhood of Railway Clerks. He has found time to do justice to all these activities and still keep the Florida East Coast's cars filled with Gladex produce is a source of puzzle to his friends, but probably it's because, as he says, his middle name is "Expedito."

continued to keep the legislature in a turmoil and the question of a change in racing dates and increased revenue from dog tracks will probably be determined this week. Gulfstream race track is trying to better itself at the expense of Hialeah Race Course by taking two weeks of the last winter season from the big track. It resulted in a rip-roaring dragnet in the middle of the last winter season for the first of the week. It will probably be decided before this column reaches print.

Willy Fowler and his famed Oak Ridge Quartet, invaders of Florida this month for appearances in a number of cities, a number of other outstanding singing groups will appear on the Riviera program. Those talented stage and radio entertainers will try and take our minds off of legislative problems during the next hectic 30 days.

State Comptroller C. M. Gay, accepted the state chairmanship of the Mental Health Drive for June and July, a position sponsored by the Florida Mental Health Association. The work of May Railroadmen proclaimed Mental Health Week by Governor McCarthy.

It seems I have unintentionally embarrassed the Sheriff of Pinellas County. In a recent column I told of the shabby treatment received by a prisoner, picked up at the Sunshine Park Race Track at Oldsmar. The track is actually in Hillsborough County and the man was confined in the Hillsborough County jail. Several ill-dignified Pinellas County residents judged on their own, who were in no way responsible. My apologies, Sheriff.

Young man to clerk — I wish to pay the last installment on the permittance."

Clark: "Thank you. And how is the baby?"

Young Man: "O, I'm fine. Thank you." — Salmo County Registrar, Fairfield, Cal.

"Hereafter we must have when only the babies had it." — Red Foley.

interesting talk, which concerned girls in general and the field of good homemakers. The advice was helpful for each girl and each is going to aspire to become a better homemaker. There were twenty girls present of which two were seniors.

Each girl wishes to thank Mrs. E. B. Moore our advisor, for working so diligently with us this year. The year has truly been a prosperous one.

pages, a new 1952 Ford Tractor and rented 10 acres of land to carry out their land laboratory demonstration farm.

With these added facilities we have been able to carry out a school demonstration farm that has been accepted by the State Department of Agriculture as one of the best in the State as far as New Farmers of America Association is concerned. Most of the produce was sold through the American Fruit Growers Association of which we received choice prices. The representatives of this Growers' Association have already expressed their desire to handle all future produce our organization produces next school term.

Mr. Holliday, along with three of our N F A members, Hoover, Talbot, Clarence Brown, and Norrie L. Wilkerson left early Tuesday morning, June second to attend the 25th Annual New Farmers of America Convention that was held at Florida A & M College June second through the fifth. Mr. Holliday is happy to express his appreciation to receiving compliments from the officials in charge of this convention that at least a delegation of two members was present at all five of the general business sessions of this convention. Each one of these boys are proud of the experience received in taking part in the groups committee work among the members from all parts of the State. The parliamentary procedures, according to the Robert's Rules of Order, that was successfully used by the State Officers at this N F A Convention can now be better understood by our delegates attending this convention; from this we will be better able to use these procedures more efficiently in our N F A meetings this coming year.

We wish to thank Mr. St. Elmo A. Greux, our local school principal, and Mr. Howell L. Watkins, our County Superintendent of Public Instruction, for allowing us to leave our regular classroom duties to attend this convention. We shall ensure them that in the future the representatives from this convention is helpful information that will aid us in developing more satisfactory programs for the coming school term. Our aim is to have at least five representatives to attend the convention in 1954.

Names, we are told, make news and names in the news this past week include a very local and talented young lady from Tampa who won the coveted title of "Miss Florida" at Daytona Beach. Blonde, blue-eyed, Margie Stumho, 18, will represent Florida at the Atlantic City Pageant this fall.

The name of Francis P. Whitehair, prominent Deland attorney, former under Secretary of the Navy and one-time gubernatorial candidate, bobbed up in connection with the long dragged out mail fraud suit against bond dealer Roy E. Crumrine. A Justice Department attorney testified before a House sub-committee that he recommended dropping the suit on the basis of information provided him by Whitehair which indicated that for lack of evidence the government could not hope to win the case.

State Road Department Chairman, Richard H. Simpson, received front page consideration when he announced the suspension of two employees at the Tavares Convict Road Camp for alleged brutality to prisoners and called on the local state attorney to investigate the charges.

W. T. Edwards, chairman of the State Tuberculosis Board, smarting under charges of mismanagement at the State Tuberculosis Hospital at Drew Field in Tampa and a Tampa Tribune story reporting that the building a little over a year old shows evidence of poor construction with plaster and stucco cracking and crumbling, called the article to the attention of Reynolds, Brown, and Hills, architects, and Arnold Construction Co., contractors, for an explanation. He also notified bonding companies and demanded that all agencies concerned make a prompt inspection of the structural defects and report to the board.

Cecil Webb was praised for his services as a member of the State Game and Fresh Water Fish Commission when a resolution offered and passed by Senate President Charles Johns, who termed Webb an outstanding leader in the field of game conservation. The resolution was seen as another job by the senate president at Governor McCarthy, who had recommended Webb for the position of Mayor Sterling Hall of Braconia's in success Webb as Chairman of the commission.

Uncle Bill Lundy, 105 years old, only living Florida Confederate veteran, would receive an increase in his pension from \$75 to \$150 a month in a bill introduced by Rep. Campbell of Oklawaha County. Lundy, still spry, is a resident of Laurel Hill.

Here and dog racing bills.

**EVERGLADES VOCATIONAL HIGH SCHOOL NEWS**

**N F A News**

The officers and members as well as our Advisory Mr. J. J. Holliday, are very proud of the most successful year of our local New Farmers of America since its organization has ever had. The progress started when our County School Board and County Superintendent, Mr. Howell L. Watkins, made possible for us a separate unit for classroom purposes.

**N F A News**

The Everglades Vocational High School New Homemakers of America terminated their activities for the school term of 52-53 with a luncheon at the Home Economics Building Monday, June 8th at 6:00 o'clock. At this luncheon Mrs. W. C. Taylor the N. F. A. Club mother, was present. She gave an

**You can drive this bargain for only \$2513.38**

**WE present this eye-opening news for good reason.**

A lot of people have no idea that this big, roomy, sweet-riding 1953 Buick SPECIAL costs just a little more than the so-called "low-priced" thrice.

Maybe you're one of them—and we'd like to clear the picture for you.

It'd like you to know that you can get the most beautiful, the most comfortable, the high-powered SPECIAL in Buick history for the price proudly headlined here.

But there's more to this great automobile than just more room and power and thrill per dollar—more than just the solidness of Buick structure, the pride of Buick styling, the steadiness of Buick riding.

There's a wallowing big value above all this.

For here you get as standard equipment a host of other things that most other cars of similar price charge as extras—things like twin exhausts, lighter, automatic glove-box light, direction signals, dual map lights, trip-mileage indicator, oil-bath air cleaner, full flow oil filter, bumper guards front and rear.

The key—and the thrills—are waiting for you.

Why not drop in on us this very week and try the most exciting Buick SPECIAL ever built? We know you'll find it a buy too good to pass up.

**THE GREATEST BUICK IN 50 GREAT YEARS**

### HYDRA-MATIC DRIVE FOR LIGHT TRUCKS SAVES GAS

Gasoline mileage economy in GMC light trucks equipped with Hydra-Matic Drive is proving to be better in a majority of cases than trucks with conventional transmissions, it was disclosed recently by Richard C. Woodhouse, general sales manager (trucks) of the GMC Truck and Coach Division, Pontiac, Michigan.

A survey of GMC Hydra-Matic truck owners revealed that 56 percent of them reported increased gasoline economy over

trucks in the same weight classifications, and on the same job, that did not have Hydra-Matic.

Driver and owner response has been so enthusiastic, he said, that in one case, four Georgia dairy truck drivers quit when their GMC Hydra-Matics were moved by the management to another job.

From a cleaning and supply company in Seattle came an almost similar report, but with a different ending. In this case, the manager said that his driver stated: "If you take this truck away from me I will quit."

A Florida dairy operator, reporting on his GMC Hydra-Matic delivery truck, said there was "far less driver fatigue and with other transmissions."

A grocer in Atlanta using a GMC Hydra-Matic delivery truck said his driver made deliveries on an average of one-third less time than was previously possible—of utmost importance particularly during the winter months when the temperature ranges from -10 to -60 degrees below zero.

An Oregon operator said he was "pleasantly surprised to find we are averaging over 12 miles per gallon with an average 3,000 lb. load. After over 10,000 miles of hard use we have found it completely free of bugs and maintenance work."

GMC Truck has Hydra-Matic as standard equipment in its parcel delivery unit, the PM-150, and as optional in 19 other trucks of the GMC light line from the quarter-ton through the one-ton.

### COUNTY MEDICAL FORUM GAINING WIDE SUPPORT

The Free Medical Forum sponsored by the Heart Association of Palm Beach County, the County Medical Society and the County Health Department, will be held on the first Tuesday evenings in August, is quickly taking shape.

The public's interest is growing if one may judge it by the requests for topics.

Cancer, Mental Health, Diabetes, Arthritis, Epilepsy and Heart have all been requested, you have time to send in your request. June 15th is the deadline. Just mail your suggestions to 808 Harvey Building, West Palm Beach.

Dr. Charles M. Harris, Chairman of the Public Relations Committee of the County Medical Society wants the public to know something of the work involved in making these forums successful. In commenting he said "Your doctors do not wait until August to make plans. By July 1st all topics and the questions to be answered will be ready for our Public Relations Committee to study and select the four topics which will be used during the August Forum."

After this selection is made, doctors will be named for each panel and these groups will be ready for the public's questions and make their Forum copy.

With this step taken the panel of doctors will then have a rehearsal and take record after the Forum. The questions in their program and correct it or make additions. Then your copy of the Forum.

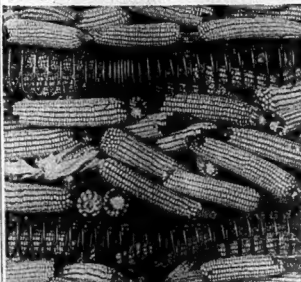

Dr. Harris' statement clearly shows the importance of the work each doctor must do for these Forums. Help them by making up the Forum in 808 Harvey Building, West Palm Beach.

### CINEMATIC CHATTER

Hello everybody! A lot of movie stars who had originally from the New York stage may declaim their desire to get back to Broadway, but Frank Lovejoy is emphatically not one of them. Frank did seven leads on the "main stem" before Hollywood called. He's under contract to Warner, has his own net work radio show, lives in a fine Beverly Hills home with his actress wife and their two children. He is a very happy man. "Memories of your days on the stage are like memories of the old 'swimmin' hole,'" says Frank. "You tend to remember only the better and more pleasant things and shut out from your memory the disagreeable things. A lot has been said about acting in front of an audience, how heart-warming it is to hear the applause and all that. All I have to say is that ego-satisfaction isn't enough to make up for the cost of it. A movie star has an audience to play to in the grips, electricians and other set workers and believe me they're a tougher audience than you find on Broadway. They're a pretty wise and expert bunch. You play to an audience when you're before the camera, the world-wide audience that's going to see your picture. That's something you never forget." Okay Frank, but you miss a lot of theatrical glimmers never to be found on a movie set. The boys in the orchestra pit giving you the nod when you come through with a scene. The thrill of the thunder of the applause from "out front" when you take your drive. The thrill of the applause from the green room between acts and many other things a "troupe" can never forget. Even if a lot of it was pretty damn inconvenient. See you at the movies. — Mal.

The cost of operation of the University of Miami Marine Laboratory is \$300,000 annually, with nearly all of the funds coming from private sources.

## STEEL SPRINGS ARE HELP WHEN FARMERS DRY CORN

"SPRINGING ON THE FARM"—A new section corn ventilating tube produced by American Steel & Wire will give farmers an easier in drying corn and preventing the loss caused by too high moisture content. Shows in use here, the new tube known as Flexi-Mat, is made of spring steel about 3 inches in diameter and 3 1/2 ft. long. Sections may be attached, and to end, to form conduits of any length, without use of any additional attachment.

CLEVELAND, O.—A steel spring, used in unorthodox fashion, is helping America's farmers to dry their corn. The spring is neither compressed nor stretched, but simply is placed in corn cribs to permit passage of air.

Known as Flexi-Mat, the sectional corn ventilating tube is being introduced this season by the American Steel & Wire Division of the United States Steel Corporation, according to C. W. Meyers, the division's manager of spring sales. A patent application is pending.

The Flexi-Mat is a steel spring about 3 inches in diameter and 3 1/2 feet long. As the crib is being filled, the springs are placed in right angle to the grain, and are provided additional air space and natural ventilation.

Sections are self-contained and may be twisted together, and to end, to make conduits of any desired length, without use of any additional attachment.

The product was designed to be used in any type of crib and is just as easily removed as it is installed. The ventilating tube was developed, Mr. Meyers explained, because each year there are tremendous quantities of corn cribbed with too high moisture content to keep in good condition.

### FEC SUMMER SCHEDULE CHANGES VERY LITTLE

Florida East Coast Railway spring and summer schedules went into effect Sunday, April 26th, it is announced.

Only minor changes will be made in southbound trains. The southbound "Miamian" from New York, will operate on a schedule ten minutes earlier than at present, leaving Jacksonville 4:20 a.m., arriving Miami 11:30 a.m.

The "East Coast Champion" will run five minutes later than at present, leaving Jacksonville 8:20 a.m., arriving Miami 3:30 p.m. Both trains provide through reserved seat coaches and Pullman between New York and Florida East Coast points during the summer.

Northbound, the "Champion" leaves Miami 8:15 a.m., instead of 9:45 a.m., leaves West Palm Beach 10:58 a.m., arrives Jacksonville 4:25 p.m., New York 10:15 a.m.

The "Miamian" is scheduled to leave Miami 1:00 p.m., instead of the present 5:05 p.m., arrives West Palm Beach 2:47 p.m., arrives Jacksonville 8:30 p.m., Washington 10:10 a.m.

Hundreds have already toured the spectacular exhibit of James Melton's Automata at Hypozoo. Melton's famous collection of early automobiles are

IMPORTANT REMINDERS CONCERNING GI Term life insurance. If you let your lapsed GI Term life insurance expire without reinstating it before the expiration date, you're no longer entitled to GI insurance.

You now can make GI insurance premium checks or money orders payable directly to VA, instead of to the U. S. Treasurer. Don't send cash... send checks, or money orders so you'll have a receipt.

Also, there's less chance for mistake if you pay your GI life insurance premiums annually or quarterly, and it's less costly and less bothersome than the monthly payment plan.

If you applied for your 1953 NSLI Dividend to be paid you in cash, you still don't have to re-apply for the 1953 Dividend payment. It will be mailed to you automatically. These dividend checks are now being mailed out, and you should receive yours in about 30 to 40 days after the anniversary date of your policy.

World War II veterans with NSLI Term policies that require higher premium payments every 10 years will now convert them to permanent plan NSLI policies without physical examination.

Veterans who have permitted their GI Term life insurance to lapse by not paying premiums when due may reinstate the policies before the 5 or 8-year period ends.

Post-Korea veterans have only 120 days from the date of their discharge to apply for the New GI Insurance available to them.

For further information contact your local Veterans' Service Officer.

Truman ex-office holders are having a mighty tough time finding a job outside of government, according to a recent survey by Business Week Magazine.

Herbert A. Philbrick, the government's surprise witness against top-drawers Communists, declares in the April issue of Christian Herald that Soviet agents are using the clergy and "good church members" to carry out their destructive and anti-GI policies.

The Association of Casualty and Surety Companies recommends high school driving courses with similar training available for adults as a means of reducing the automobile accident rate.

"A modern mother is one who worries if her daughter gets to too early."—Dan Bennett.

### LEGAL NOTICE

The Board of Commissioners of Everglades Fire Control District will receive bids up to opening date, 10 a. m., June 24, 1953 for the construction of an air rib aluminum building 160 feet by 40 feet to be used for storage shed, shop and office. Plans and specifications may be seen at the Everglades Fire Control office in Belle Glade, Florida. Bids will be received for the dismantling and removing and erecting of part of the present storage shed to the new location. Bids will also be received on a new 1953 Willy's Jeep, a 1946 Jeep is to be traded in on this unit.

Commission reserves the right to reject any and all bids.

Signed, BOARD OF COMMISSIONERS, Everglades Fire Control District by Guy J. Bender, Chief.

### STOP RUST WITH RUST-OLEUM

an exclusive formula proved throughout industry for 25 years

Protects Every Rustable Metal Surface

Indoors and out, below ground, at sea and in the tropics — many outstanding firms, as users, have proved RUST-OLEUM's ability to stop rust! Tanks, bridges, fences, stacks, roofs, buildings, ships, metal ash — all are free of brush marks. No sand-blasting, chemical treatment, or other costly preparation is usually required. — It's just that easy, that economical! All these money-saving advantages are yours in RUST-OLEUM!

Available in All Colors

Aluminum and White

RUST-OLEUM not only stops rust — but actually beautifies as it protects! This enables you to improve plant appearance and stop rust at the same time. — It matches former colors... or safety colors... when needed. Use RUST-OLEUM finish coats in bright colors to identify pipe lines and electrical conduits in your plant. Ask to see a color chart of RUST-OLEUM's wide selection of colors.
